Enhanced Solutions to Meet Your Clients' Needs

In response to feedback from brokers and wholesalers, CNA has strengthened our Equipment Breakdown insurance capabilities – including expanded monoline coverages, a flexible form and a broad appetite for risk. Our dedicated, in-house team sets us apart from many competitors and allows us to provide customized solutions that meet the specific needs of your customers.

Updated and Expanded Coverages

In addition to expanding our Equipment Breakdown coverage, we've introduced a CNA-specific form to help you save time and streamline the insurance process.

- Our expanded monoline Equipment Breakdown coverage now includes Civil Authority, Ingress-Egress, Loss Adjustment Expenses and Off-Premises Equipment Coverage. Additionally, Business Income and or Extra Expense coverage resulting from Refrigerant Contamination coverage is included up to the applicable Business Income and or Extra Expense limit.
- Featuring clear, simple and direct language, our easy-to-use proprietary form is focused on the details that matter most to brokers and wholesalers.
- CNA's Equipment Breakdown coverage will have the ability to provide different limits at the location level – providing flexibility for even the most unique situation.
